## UNIFORM POLICY

McAuley College delivers a holistic education for our students. As part of this learning, our Uniform Policy is designed to promote respect of self, others and the community through the implementation of expectations around presentation and the wearing of the College Uniform.

Students are expected to wear the formal uniform when attending school, travelling to and from school and on special occasions. Neatness, tidiness and cleanliness of the uniform are essential, and no variations are acceptable. Any attire worn under the uniform must not be visible.

Students will be required to change into their Sports Uniform for HPE lessons. Only for designated Sports Days such as Interhouse Carnivals or Interschool Sports days (such as SECA), will students be permitted to wear their Sports Uniform to and from school.
