Vocational Education &
Training

Vocational Education and Training (VET)

Vocational Education and Training (VET) courses are available to students while they are still at school. VET is learning which is directly related to work. Nationally recognised qualifications are developed by industry to give people the knowledge and skills they need to work in a particular job.

The assessment conducted in these courses is competency-based. Students must demonstrate that they are competent at a particular task before they are awarded each competency.

Students can undertake VET at school:

As part of their school studies – delivered by the school, in partnership with an external Registered Training Organisation (RTO),

By enrolling in a qualification with an external registered training organisation, like

TAFE, or As a school-based apprentice or trainee.

School-based Apprenticeships and Traineeships (SBATs)

School-based apprentices and trainees (SBATs), typically in Years 10, 11 and 12, are trained in the workplace by a registered training organisation, while continuing to study towards their Queensland Certificate of Education (Senior Certificate or equivalent).

SATs enable students to build up their resumes and be more competitive in the job market. A school-based apprenticeship can contribute to a reduction in the term of their full-time apprenticeship after school in most cases.

What will this look like?

- An adjusted timetable studying one less subject

- Work placement on one day each week during school time, with a preference for a Thursday. (The day will be negotiated between the host and the school.)

- Work placement for one-week during holiday time.

- Students are responsible for catching up on McAuley College learning missed due to their placement day.

Outcomes of an Apprenticeship

By the end of Year 12, you will have completed one year of your apprenticeship. You will need to complete the remainder of the apprenticeship after graduating.

Examples of apprenticeships/traineeships can include: Plumber, Electrician, Construction, Hairdressing, Child Care.

NOTE: A Traineeship is more closely linked to work placements that are part of a certificate course, for example Hospitality and Rural Operations. To this end, certificate courses can include a practical and theory component.

Career Ready and User Choice funding

Certificate courses delivered by external RTO's may incur a fee and/or be included in the Department of Employment, Small Business and Training's VET investment budget (referred to as Career Ready and User Choice funding).

Due to funding guidelines, there are restrictions imposed around the use of Career Ready funding. Students can only access Career Ready funding once, and so when more than one certificate course is being studied, this will impact the costs payable by the student as the user.

Certificates Delivered by the College

The table below outlines possible VET offerings delivered as part of school, through the identified external Registered Training Organisation.

Certificates	Registered Training Organisation	Is Career Ready funding applicable to this course?	Cost (without access to Career Ready funding)
Certificate III in Fitness (Cert II in Sport and Recreation	Binnacle	Y	$495 + First Aid ($75)
Diploma of Business	Get Set Education	N	$899

NOTE: The above costs are accurate at the time of publication and may be subject to change prior to commencing in 2026. Minimum numbers may apply for some certificate courses. If these numbers are not met, the external provider reserves the right to not offer the course. Students will then be required to choose another

*Costs are based on 2025 data. Cost does not include camps.

As mentioned earlier, students can only access Career Ready funding once in their lifetime. If at school, students wish to study more than one certificate course, there will be a cost for the second course because they will be unable to access Career Ready funding.

For further information on Career Ready funding and eligibility please contact the Pathways Leader.

What's new in 2026

A new Career Ready VET in schools program is being developed as part of the Queensland Training Priorities Plan 2024–25 to help school students make good career and training choices, so they can leave school career-ready, informed and confident in what their future holds.

The Career Ready program will replace the VETiS program and will be further developed in consultation with stakeholders and implemented in a staged approach from 2026. More information and program guidelines will be available at desbt.qld.gov.au/vetis.

*Information current as at March 2025 derived from the Department of Trade, Employment and Training website.

Career Ready Funding Eligibility

High School Students, who are an Australian or New Zealand Citizen or permanent resident, or a temporary resident with the necessary visa, are eligible to utilise Career Ready funding (subsidised by the Queensland Government under the VET in School Program). Students are eligible to use Career Ready funding to complete one course only. For eligibility go to desbt.qld.gov.au/training/providers/funded/vetis.

VET Student Loan (VSL) Eligibility

Students studying VSL-eligible qualifications may be able to cover enrolment tuition fees under a VET Student Loan if they meet the necessary citizenship, academic suitability and Tax File Number (TFN) eligibility requirements. For further details, go to tafeqld.edu.au/courses/apply-and-enrol/what-it-costs/vet-student-loans.
